APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
and do hereby grant the same, subject to the following limitations and  
conditions:

This permit is issued subject to all existing rights on  
the source. If well is flowing, a valve must be installed and main-  
tained to prevent waste. No right is given under this permit to  
maintain the water level in permittee's well at any level higher than  
that necessary for a reasonable pumping lift. This source is located  
within an area designated by the State Engineer pursuant to Section  
4 of the Underground Water Act; therefore the State reserves the right  
to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount  
which can be applied to beneficial use, and not to exceed 3.0  
cubic feet per second, but not to exceed a duty of 5 acre feet per acre  
of land irrigated.

Actual construction work shall begin on or before September 6, 1949

Proof of commencement of work shall be filed before October 6, 1949

Work must be prosecuted with reasonable diligence and be completed on or  
before September 6, 1951

Proof of completion of work shall be filed before October 6, 1951

Application of water to beneficial use shall be made on or before  
September 6, 1952. Proof of the application of water to beneficial  
use must be filed with State Engineer on or before October 6, 1952
